Tenmoku

STANDARD GLAZE DESIGNS

All standard pots are normally available in the four glaze designs illustrated in photos 1 to 4 above. Cobalt blue, Dolmix and Tenmoku may be available in limited stock but will always be available to order.

Please note that, because of the type of firing, called “reduction firing”, there will be some variation in the results within each type and between firings, particularly Tenmoku - this natural variation is what makes “reduction” firing so appealing.

Unless otherwise noted, all domestic-ware designs are dishwasher, microwave and oven safe.

You can also see many one-off pieces in our showroom that cannot be illustrated here - Why not visit us?
