STANDARD GLAZE DESIGNS

All standard pots are normally available in the three glaze designs illustrated in photos 1 to 3 above. Galway Hooker (Green), Cobalt blue, may be available in limited stock but will always be available to order. Other glazes such as Galway Hooker White and Tenmoku may also be available and to order.

Please note that, because of the type of firing, called “reduction firing”, there will be some variation in the results within each type and between firings - this natural variation is what makes “reduction” firing so appealing.

Unless otherwise noted, all domestic-ware designs are dishwasher, microwave and oven safe.

You can also see many one-off pieces in our showroom that cannot be illustrated here - Why not visit?

INTENDING VISITORS TO THE STUDIO SHOWROOM IN CLIFDEN who hope to purchase specific items are advised to email or telephone well ahead of their visit (preferably 8 weeks) to ensure that their requirements are in stock or retained for them.
